

RV'ers help RV'ers at Elm River Park

When guests arrive at the Elm River Park in Glenholme, they're always personally shown to their site.

That's to ensure any questions are answered and any changes to make their stay more pleasant are made.

It's the kind of service Winston and Bernice Bennett appreciate when they're travelling in their Recreation Vehicle. When RV'ers stay at their park, they want them and all other campers to get the best service possible.

"We're small enough that you get personal attention here," says Winston. "We love dealing with people," adds Bernice.

Aside from the sites and the pool, the Bennetts are particularly proud of their clean and modern washrooms.

The combination of facilities and services led to the Elm River Park being named one of the Top 40 Good Sam Parks in North America.
